

Large Mid-Atlantic Health System Signs New Contract for Streamline Health® eValuator™

September 8, 2020

Automated Coding Analysis for Inpatient and Outpatient Care

Atlanta, GA, Sept. 08, 2020 (GLOBE NEWSWIRE) -- [Streamline Health Solutions, Inc.](#) (NASDAQ: STRM), provider of the eValuator™ Revenue Integrity Program to help healthcare providers proactively address revenue leakage and compliance exposure, today announced it has signed a contract with a large health system in the Mid-Atlantic region. The health system will use eValuator's cloud-based automated pre- and post-bill coding analysis technology to help improve revenue integrity for their inpatient and outpatient services.

Streamline Health is leading an industry movement to enable every hospital in the country to use pre-bill technology to improve financial performance. With eValuator, providers are identifying and addressing coding issues before they contribute to revenue leakage, denied claims and non-compliance exposure. The company combines this new technology with expert auditing services to deliver a complete Revenue Integrity Program to its clients. The eValuator program helps users optimize coding and documentation accuracy for every patient encounter prior to billing, substantially improving current financial performance while also assisting in the transition to new payment models.

"We're very excited that this client has entrusted Streamline Health to be their partner in driving pre-bill revenue integrity," stated Tee Green, President and Chief Executive Officer, Streamline Health. "This client's flagship facility is an Academic Medical Center and the primary care provider for its surrounding communities, and we're proud to help support their mission of delivering quality care during these trying times."

About Streamline Health

Streamline Health Solutions, Inc. (NASDAQ: STRM) is a leader in pre-bill revenue integrity solutions for healthcare providers. Our eValuator™ Revenue Integrity Program includes integrated solutions, technology-enabled services and analytics that drive compliant revenue across the enterprise.
