Streamline Health's Enterprise Content Management Solution Ranked #1 By Hospital Executives For Second Year In A Row

ATLANTA, Aug. 25, 2015 /PRNewswire/ -- [Streamline Health Solutions, Inc.](#) (NASDAQ: STRM), a leading provider of transformational data-driven solutions to help healthcare providers reduce exposure to risk, enhance clinical, financial, and operational performance, and improve patient care, today announced that for the second consecutive year, the Company's [Looking Glass® Enterprise Content Management \(ECM\) solution](#) was ranked #1 in the category of financial management/content management solutions in a recent survey conducted by Black Book™ Rankings.

Black Book™ Rankings surveyed hospital CFOs, CIOs, business office managers, technology and financial professionals about financial systems software and services solutions. The survey ranked healthcare IT and outsourced services vendors by customer satisfaction on client experience-based key performance indicators (KPIs). Streamline Health's Looking Glass® Enterprise Content Management solution ranked the highest in its category for the second year in a row.

"We are honored that the healthcare community has again rated our enterprise content management solution as the best in class," said David Sides, President and Chief Executive Officer, Streamline Health. "Our entire suite of Looking Glass® solutions delivers tremendous value to our clients. By providing critical information at the point of service, our ECM solution helps healthcare providers fulfill their mission to bring quality healthcare to the communities they serve."

Founded in 2002, Black Book™ is a full-service market research and public opinion research company. Black Book™ provides healthcare IT users, media, investors, analysts, prospective software system buyers and other interested sectors of the clinical technology industry with comprehensive comparison data of the industry's top respected and competitively performing technology vendors.
