FOR IMMEDIATE RELEASE

Streamline Health® Signs Catholic Healthcare West for Integrated Document Workflow Solutions

Streamline Health Solutions Enable Nation's Eighth Largest Healthcare System to Enhance the Flow of Health Information for a Complete Story of Patient Care

Cincinnati, Ohio July 24, 2008 — Streamline Health Solutions, Inc. (NASDAQ Capital Market: STRM) today announced that Catholic Healthcare West (CHW), the nation's eighth largest hospital system based in San Francisco, has selected Streamline Health's enterprise document management and workflow solutions for select hospitals and medical centers. These solutions will integrate with CHW's current systems, including Cerner and McKesson, to establish a single point of access to essential health information.

Elevating Patient Care with Technology

With a mission to deliver excellent, compassionate and affordable healthcare, Catholic Healthcare West, with facilities in California, Arizona and Nevada, is dedicated to improving the quality of life in all the communities it serves. This not-for-profit organization is investing strategically in technology enhancements that will improve the ability of its more than 9,500 physicians and approximately 50,000 employees to care for all in need. Streamline Health will help enhance efficiencies at specific CHW hospital facilities with the implementation of a permanent, document-based repository of health information and workflow solutions to improve business and clinical processes.

"Streamline Health offers an integrated solution that is focused on creating greater operating efficiencies across our facilities," stated Kelley Moore, Vice President, Enterprise and Hospital Technology, Catholic Healthcare West. "Our healthcare professionals will have immediate access to comprehensive patient information when they need it, expediting workflows to optimize patient care and streamline overall business processes."

Streamline Health's enterprise document workflow solutions will equip healthcare professionals at CHW with seamless access to document-based patient information. CHW has selected Streamline Health's enterprise solution, consisting of the Health Information Management (HIM) suite and Patient Financial Services (PFS) suite, with accessANYware™, Completion Workflow, Coding Workflow and Release of Information Workflow. CHW will also use Streamline Health's Document Capture products, such as RegScan™, PowerScan™ and DataManager™, to deliver high-speed production scanning and indexing, as well as departmental document capture and management.
