Streamline Health's Enterprise Scheduling and Resource Management Software Solution Named Best in KLAS® For 2014

Company Establishes New Record with 12 Consecutive Years as Best in KLAS

ATLANTA, Jan. 30, 2015 /PRNewswire/ -- [Streamline Health Solutions, Inc.](#) (NASDAQ: STRM), a leading provider of transformational data-driven solutions to help healthcare providers reduce exposure to risk, enhance clinical, financial, and operational performance, and improve patient care, today announced that its Looking Glass® Enterprise Scheduling and Resource Management solution was named Best in KLAS in the 2014 report published earlier today by KLAS. This makes 12 years in a row as Best in KLAS for the company's Enterprise Scheduling and Resource Management software solution.

The 2014 Best in KLAS report ranks healthcare vendors and their solutions by the professionals who use them -- healthcare providers. The report highlights shifts in product performance, upcoming products and services to watch, and the continual efforts vendors are making to produce quality options.

"We are honored to be able to continue to work with talented healthcare providers to create the annual Best in KLAS report. Their feedback is beneficial as vendors strive for excellence," stated Adam Gale, CEO and president of KLAS Research.

"We are proud to be named Best in KLAS once again, and we thank our many clients who took the time to speak with the KLAS representatives and to rate our solution so highly," stated David Sides, President and CEO, Streamline Health Solutions, Inc. "We remain committed to providing clients with transformational data-driven solutions that improve their clinical, financial and operational performance, and we will strive to earn Best in KLAS each and every year."

About Streamline Health

[Streamline Health Solutions, Inc.](#) (NASDAQ: STRM) is a healthcare industry leader in capturing, aggregating, and translating enterprise data into knowledge - actionable insights that reduce exposure to risk, enhance operational performance, and improve patient care.
